

# TALENT DRIVE

**Discover EVA by NEQMI: Your Partner in Optimizing Human Capital. Uncover Hidden Talents and Energize Your Team with EVA.**

NEQMI has developed its first software, EVA, an innovative application that revolutionizes the way businesses, schools, and institutions detect talents and manage group dynamics. With our advanced technology and emotion-centered approach, we help our clients optimize their human capital and develop the essential behavioral skills for success.

## MAPPING

Understanding cognitive and emotional functioning is essential for developing an efficient strategy.

## SKILLS GAP

We need to detect each individual's untapped potential and develop their technical and soft skills.

## DRIVING EFFICIENCY

Emotions at the Heart of Individual Intelligence and Group Dynamics
